Okay – should I ask through Lesley or do you have the contact information for Climax

Toney,
I just sent the link to my photos. The maps are poster size and water damaged. I would suggest just requesting an electronic copy from the contractor.
Cheers,
Julia

If you can scan them in and send them out to the Region and Hadas that would be great.

We need to figure out how to let HQ and Erin look at the pictures you took

Yes, I have paper copies, but they're covered in scribble and rain. I think the Corps is working on getting the consultant to put together new maps on updated imagery. Will keep you posted if I hear anything on those.
